FROM THE PASTOR "Come, eat of my food, drink of the wine I have mixed... forsake foolishness that you may live" says Lady Wisdom in our first reading this weekend. Then Jesus, the Wisdom of God made flesh says the one "who feeds on me will have life because of me." But we know that the life Christ calls us to look like the height of foolishness in light of our culture's values. His way of love and forgiveness and sacrifice for the sake of healing and renewing and maintaining relationships costs us a lot in a world where "how does this benefit me?" determines a lot more than business transactions. The Wisdom Jesus offers in response is that the benefit is in holding together the Body of Christ: nurturing it and our place within. When all the other reasons we make decisions pass away with this world, love invested in relationships of care are all that will remain. And along the way, we will come to recognize the Wisdom in putting people before things, and God before all other gods we might serve.

But Jesus' Wisdom is an acquired taste like coffee: it takes some getting used to. So participating at Mass becomes a critical part of expressing our desire to draw closer to each other in this sharing the Food that moves drawing close in relationship from one's desire, to one's life... life in Christ!

There is a bulletin piece below about the ongoing planning for fewer priests to serve Cedar Rapids. The insert with the charts and graphs refers to the history of priestly ordinations and other information that drives these discussions. The changes these facts require have touched other parts of the archdiocese, and now they are touching ours. We are a Eucharist-centered church and so the number of priests will determine how many Masses we can gather for to deepen our communion with each other and with God. Will you please encourage, and make known to me, those you feel have a vocation to the Priesthood?
Fr. Tom

Please note the blue insert with its financial information. You might be concerned that some of the expense lines are very different from 2008. Salaries are low due to a Holy Family reimbursement from 08 received this year; Operations & Office Supplies are high due to inventory purchase timing; and debt interest is low because rates have dropped and payments of \$12,000/mo in 08 can now only be \$5,000/mo. There are a couple areas of concern for me too. One is that even with the reduced income in the weeks following the flood last year, we are still lagging that rate. As the economy now makes things difficult, I hope that would bring those who can do a little more to do so. Have you begun the increase you hoped would be possible in response to the 1st Portion Appeal last May? The willingness of all to sacrifice a little makes all the difference!

(Continued on page 2)

You will see that our Bingo income is down 40% from last year. Even reduced as it is, it still brings in over \$60,000 per year. That is equal to what we have budgeted for debt reduction. Hiring workers reduces that income! Hiring slows our debt reduction at a time with low interest rates when every dollar significantly reduces the debt! You will see on the blue page many of those who have volunteered for Bingo over the last couple of months. Most of them did so several times! We need 5-6 volunteers per night so that list of names won't go very far at that rate! If the economy has limited your ability to support the church as you would like, or if you are in high school and want to do something for the faith-community that wants to be here for you, please call Jim Nowadsky at 390-1249. A most heartfelt thank you to all who do sacrifice for the mission and life of this parish! Fr. Tom

Pastoral Planning for the Cedar Rapids Deanery: The Task Force created by the parish councils met Wednesday night, August 5. The task force consists of two representatives from each parish, the Episcopal Vicar, the Director of Archdiocesan Planning, the Dean and two priest and two deacon representatives of our deanery. The Task Force will have the responsibility to be a liaison between the parishes and Archbishop Hanus. They will be charged with developing a pastoral plan for the Cedar Rapids Deanery which will include sharing priests (in five years we could have four or five less priests) and resources to enable the Body of Christ to continue to develop and serve the people of the Cedar Rapids area. The topics discussed were:

- Task Force Charter: The Task Force's job description
- Description of the committees developed from the task force members and outside resources.
- Task Forces responsibility to take information to their Parish Councils for direction and input.
- The Task force will put together different scenarios to aid the Archbishop who will ultimately make the final decision.
- The first considerations for the task force will be the committees of the parish council; starting with Parish Life, Social Concern and Faith Formation.
- Communication to the area will be through parish bulletins, bulletin inserts, the Witness and local news media.

Please pray for the guidance of the Holy Spirit to lead our parishes to cooperation. Thank you, The Cedar Rapids Deanery Task Force
